Local Airmen All Set For Air Force Day

Regardless of size, all jet engines require expert maintenance. Shown on the right performing a last minute "Pre-Flight Inspection" is aero

engine technician, Leading Aircraftman Richard Charles Dickeson, 31, son of Mr. and Mrs. Donald Charles Dickeson, 9633 Fourth St., Sidney.

LAC. Dickeson has been with the R.C.A.F. for the past six years and is presently serving at R.C.A.F. Station Comox as a member of 407 Maritime Patrol Squadron where he is engaged in the maintenance and repair of P2V-7 Neptune patrol aircraft engines.

The control surfaces of high speed jet aircraft are under heavy strain while in flight and require constant inspection to ensure that they remain in perfect working order.

This is the job of airmen like airframe technician, Leading Aircraft-

man Clifford Ralph Stacey, 22, son of Mr. and Mrs. Henry Cecil Stacey, 10173 Melissa St., Sidney.

LAC. Stacey has been with the R.C.A.F. for the past three years and is presently serving at R.C.A.F. Station Comox, where he is engaged in the maintenance and repair of CF-100 jet aircraft attached to 409 "Nighthawk" Allweather Interceptor Squadron.

The two Sidney airmen will be among the hundreds who will be keyed up for open house at Comox on Air Force Day.

Air Force Day at R.C.A.F. Station Comox this year will be on Sunday, Aug. 13. The day was changed from Saturday to Sunday in the hope that Air Force Day 1961 will be even bigger.

This change will give a number of people who in the past could not attend due to their work commitments, a chance to visit R.C.A.F. Station Comox this year.

The flying display commencing at 2 p.m. will feature the Golden Hawks, the Red Knight, and many other operational aircraft.

At present it is confirmed that in addition to the usual aircraft based at Comox, the CF-100 All Weather Fighter, the Neptune, Maritime patrol aircraft, and the T-33 jet trainer, that the following aircraft, usually foreign to the base, will also be visiting Comox: the Argus, the Comopolitan, the Albatross, and the Piasecki (flying banana) helicopter.

There is also every indication that a 101 Voodoo, a CL44 and the Hercules will also be visiting Station Comox for Air Force Day.

These aircraft will be seen in flight and in most instances will be available for close ground inspection.

FERRY COMPANY PURCHASED FOR OVER \$200,000

Government Takes Over Ferry Service Serving Gulf Islands At Swartz Bay

— Transfer Effective On September 1

SIGNIFICANT DECADE IN STORY OF ISLAND SERVICE

History of the Gulf Islands ferry company is not a long one. It is almost exactly 10 years since a group of Salt Spring Island residents clubbed together to acquire the Cy Peck from the Matson interests which had previously operated the ferry.

The new owners not only continued the island service, but they expanded it to take in a larger territory and to offer a considerably greater service.

At the head of the new company was Gavin C. Mouat, member of a pioneer island family and a highly competent businessman. Under his direction the company maintained a steady service and kept the islanders linked with other communities across the water.

The Cy Peck was brought into the picture more than 30 years ago when the service hitherto offered by the Canadian Pacific was curtailed. Commencing with the service into Swartz Bay from Fulford Harbor, the Cy Peck blazed a trail that has been taken up in recent years by the provincial ferry system. For many years the wharf at Swartz Bay was

a picturesque and attractive rural setting.

Under the spirited guidance of Mr. Mouat, the service has grown to

SECOND HIGHEST IN HISTORY

No Records Broken As Heat Wave Strikes District

While the temperature rose steadily to a maximum in the nineties last week, no records were broken. Many residents reported temperatures in the sun in excess of 120 degrees. At Patricia Bay Airport a maximum of 95 degrees was recorded, while the Saanich Experimental Farm reports a top point of 93. It was the second hottest period in the history of the experimental farm.

The community sweltered in the unaccustomed heat and youngsters who could not find a convenient bench used hoses to keep cool.

One victim of the heat wave was Pacific Flowers Ltd., East Saanich Road at Patricia Bay Highway.

Thermometers in the greenhouses reached the maximum reading of 120 degrees and then burst as the temperature rose steadily beyond that point.

SIDNEY PROJECT

Angle Parking Is Planned For Both Sides Of Beacon

New system of angle parking on both sides of the street is planned for Beacon Ave. in the Village of Sidney.

Sidney village council approved a measure last week which will move the curb on the north side of Beacon Ave. between Second and Third Sts., back to within six or seven feet of the property line. This setting back will provide for angle parking instead of parallel. A new curb will be installed, and the road will be made good with blacktop at an estimated cost of \$1,525.

Before the project receives the final green light, the waterworks commission has been asked to make sure the waterpipe is in good condition, and will not require renewing for several years.

A request has been sent to the B.C. Electric asking it to move back the electricity poles to the new curb line. Angle parking introduced several years ago on the south side of Beacon Ave. has been warmly acclaimed by both shoppers and businessmen. The increased accommoda-

tion offered by this form of parking reduces the need for strict control on motorists leaving their cars.

Real Estate Operation In Sidney Changes Management

Ramsay Realty, in Sidney, has changed hands. The new managing director is W. D. MacLeod. The Review paid a visit to his office.

Mr. MacLeod looks back on 12 years of house-to-house selling, and there are very few residences on the Peninsula that he does not know personally. His introduction to the real estate business occurred three years ago. Two friends in business, anticipating Mr. Ramsay's retirement, visualized real estate as a good business for Mr. MacLeod.

Mr. MacLeod talked it over with Mr. Ramsay, who sponsored him for his real estate course. After passing the examination, he had to wait the required period of two years before taking his agent's course. He also passed this course.

In December of last year Mr. Ramsay's business was incorporated under the name of James Ramsay Realty Ltd. Mr. MacLeod took over the business last June, when Mr. Ramsay retired to devote his time to his garden and other recreations. This was his second retirement, for he had served the community faithfully as principal of Sidney school for many years.

Mr. MacLeod has resided in this area for many years, and his new position will deepen his roots in the district he has chosen.

TO ELIMINATE OPEN DITCH IN VILLAGE AREA

At a meeting of the Sidney council last week, the public works committee recommended that 12-inch ditch tile be installed in a ditch behind three lots on Third St., north of Shoreacres.

The ditch will then be closed in, subject to the transfer of easement from the provincial government. Cost of the project was estimated at \$465.

ment 2½ per cent of capital costs annually in respect of all its operations. On this basis a payment of \$5,000 would be received by the Toll Authority each year instead of the \$100,000 annual subsidy paid at the present time.

The islands ferry operation employs 27 residents of Salt Spring Island and has long been an important factor in the island economy.

The company has served Salt Spring, North and South Pender, Mayne, Saturna and Galiano Islands with a steadily expanding service for the past decade.

Commencing with one ship and one route, the company, under the navigation of Gavin C. Mouat, has opened up new links with the "outer Gulf Islands" as well as a secondary connection with Vancouver Island via Vesuvius Bay and Crofton during its 10 years of operation.

While enjoying a subsidy from the government, the company expressed its inability on several occasions to offer the frequency of service sought by the residents of the outer islands. The re-shuffling of its vessels between various routes met with the approval of the outer islanders when the Motor Princess, flagship of the company, was placed on that run, but residents of Salt Spring Island were disturbed at being left with the Delta Princess, a smaller vessel lacking the facilities of her sister ship.

Representative groups of the various islands met on many occasions to settle their differences and exhort the government to assume control of the ferries in order to provide a service which would offer an increased frequency of trips. It was loudly asserted that the ferry service represented to the islander what the highway meant to his counterpart on Vancouver Island or the mainland. On this basis the government was urged to provide the needed transportation. When the government agreed to do so, islanders generally wore broad smiles.

SUBDIVISIONS

COUNCIL CALLS FOR END TO GOVERNMENT OVERRULING

Prohibition of interference in subdivision plans by the Attorney-General's department is sought by Central Saanich council.

Last week the council recalled an instance two years ago when a subdivision plan had been approved by

the council with provision for an access road to the beach. The Attorney-General ruled that such access was not necessary and a 12-month fight ensued to have the access road included.

This situation could arise again at any time, asserted councillors.

On the recommendation of Councillor W. F. Grafton the council will bring the matter to the attention of the Union of B.C. Municipalities in the form of a resolution to prohibit such interference in future.

TO SEA ISLAND

Last Group Of Cadets For Camp

Final detachment of air cadets from Sidney's 676 Squadron left early on Sunday morning for summer camp. Three cadets left by bus to join the seven already at R.C.A.F. Station, Sea Island.

The three will spend two weeks at camp, undertaking various forms of training, ranging from foot drill through physical training to technical subjects related to aeronautics.

Seven who left earlier undertook a more concentrated course of foot drill in order to take part in the 75th anniversary celebrations in Vancouver. The cadets joined with boys from all parts of the province to form a guard of honor for Lieutenant-Governor G. R. Penneke, V.C.

New Kennels Approved At Keating

At the Central Saanich council meeting last week a request by Michael Williams to establish a boarding kennels received approval, subject to the sanction of the provincial government. Mr. Williams' kennel will be located at Shady Creek on the Patricia Bay Highway. Shady Creek is half a mile south of Island View Road. The property is about seven and a half acres of land and is zoned as agricultural land. Approval of government is sought as access is gained from Patricia Bay Highway, a provincially-controlled thoroughfare.

Mr. Williams is well known for his trained sheep dogs. They appeared in the Victoria Day parade and at Sidney Day when a demonstration gained enthusiastic acclaim

Voters Lists Under Fire By Central Saanich Council

Central Saanich council is concerned at the barrier which prohibits newcomers from casting a ballot in money-by-laws.

Many residents acquire property under the deadline for closing the voters' list for such a poll. Although owning property in the municipality at the time of a referendum, such property owners are deprived of the right to vote.

Councillor Al Vickers last week urged that a system of swearing-in be introduced, offering every eligible voter an opportunity of casting his ballot.

Some concern was expressed regarding the cost of preparing the list

when comparatively few property owners attend the polls in such cases.

Faced with the two alternatives of either supporting the resolution prepared by Saanich that provision be made for such property owners, or presenting a parallel motion, the council took no action at the time for lack of complete information on the legal aspects of such a change.

Club Seeks New Tennis Court Here

Brentwood Community Club proposed to Central Saanich council on Tuesday evening last week that a tennis court be built at Centennial Park.

The representative of the club advocated a concrete court, because of the low upkeep. He further stated that the price would be very competitive with an asphalt court. He only asked for a single court. It was pointed out that concrete is a hard surface on which to play.

Councillor W. F. Grafton pointed out that there is a space cleared at Centennial Park big enough for a double court. It was generally agreed that it is too late to do anything about the court this year, but the matter will be further looked into with a view to its construction next spring.

RECESSION?

Big Coins Appear In Plenty

What is causing the re-appearance in circulation of a substantial number of Canadian silver dollars minted in honor of B.C.'s centennial in 1958? Is it because of Finance Minister Fleming's devaluing of the dollar? Or is it because persons who were affluent in 1958 and purchased the coins as souvenirs are now hard up and drawing on their reserves?

While the reason is somewhat obscure, nevertheless a considerable number of 1958 Canadian silver dollars is now in circulation in this area. In The Review office two have appeared in the fill within a week. One grocer reported that substantially more of the big coins had been paid by different customers for goods.

One wisecracker blames the recent feud between the finance minister and Bank of Canada Governor James Coyne for the phenomenon

Ruth Shiner Weds In Church Ceremony At Brentwood

Wedding of interest to Brentwood took place in Sluggett Memorial Church on Friday, July 7, when Ruth Myrtle Shiner became the bride of James Gilmour Sadler.

The marriage was solemnized by the pastor, Rev. T. L. Wescott. Miss Louise Forsberg played the organ and Miss Kathy Weatherby sang during the signing of the register.

Parents of the couple are Mr. and Mrs. Alfred Shiner, 830 Benvenuto Ave., and Mr. and Mrs. J. C. Sadler, 1184 Craigflower Road, Victoria.

The high neckline of the bride's gown was trimmed with small pearls and the fitted lace bodice had lily point sleeves. Filmy net and lace over satin swirled into a

full skirt. Bouquet was a cascade of yellow roses and stephanotis. Her dainty illusion veil was held by a braided head band.

Matron of honor, Mrs. Ivan Finlay and bridesmaid, Miss Kathy Weatherby, wore identical full-skirted dresses of blue nylon head-pieces to match their respective dresses. They carried bouquets of pink roses.

Gilbert Sadler was best man for his brother and ushers were Cecil Dickenson and Alfred Adrian.

The bride's mother wore a two-piece lace dress of spice beige with mauve accessories and orchid corsage while the groom's mother chose a figured silk dress with corsage of pink carnations.

Ivan Finlay presented the toast to the bride during the reception held in Central Baptist church auditorium.

HALF AND HALF IS NEW GAME

A broomball game at Central Saanich Centennial Park is on the agenda for Friday, July 21.

Beginning at 7.30 p.m., young people from Sluggett Memorial and Central will match strength and wits in a battle royal based on a vague combination of the rules for soccer and hockey.

After exhausting themselves thoroughly they will retire for refreshments and a short devotional at the home of Henry Haade, Stellys Cross Road.

AT WEDDING

Young people of Sluggett Memorial were among the many guests at the wedding of Miss Ruth Shiner and James Sadler last Friday evening.

The Brentwood church was beautifully decorated for the wedding by a committee of young people the previous evening, and during the reception Miss Alice McCarthy and Miss Bernice Macham sang "Thy Will Be Done" for the bride and groom.

Brentwood Seeks New Supplies

Brentwood Waterworks District has applied to the provincial water rights branch to take 200,000 gallons a day from the B.C. Cement Co. reservoir on Wallace Drive.

This request was unanimously approved by Central Saanich council at Tuesday's meeting. Council also viewed favorably a request of B.C. Cement Co. and Butchart Gardens to use water from the same source.

Max Fleming, whose marriage to Miss Janet Carpenter takes place on July 22, is presently the house guest of Mr. and Mrs. R. B. Carpenter. Robert Carpenter of Toronto, Henry Yates of Niagara Falls, Louis Veres of Windsor, Ont., and John Tomlinson of Toronto met in Windsor, Ont., where they took delivery of a new Buick, which they drove to Seattle. They flew up from Seattle to Victoria's International Airport and are now guests on James Island for the Fleming-Carpenter wedding. They are presently occupying a beach cottage, awaiting the arrival of other friends from Eastern Canada, and where they will be joined by Max Fleming.

JAMES ISLAND

Miss Wendy Martin is spending the summer at Beautyrest Lodge, Port Washington, B.C.

Mesdames A. W. Scott and J. C. Doran were joined by other members of the community in preparing a surprise shower at the home of Mrs. John Roper, to honor Miss Susan Bader, a July bride-elect. Upon arrival, Susan and her mother, Mrs. A. R. Bader were presented with attractive corsages, the former of roses and Mrs. Bader's was one of carnations.

Diminutive Sylvia Sidwell, who is to be a junior bridesmaid, presided over a three-tiered wedding cake, created by Mesdames W. Meredith and Wm. Mason, which contained the many miscellaneous gifts.

Refreshments were served to the assembled guests which included most of the James Island community. Mrs. J. C. Doran made and presented to Susan the two heart-shaped bride's cakes, which were cut by the bride-elect and passed to the as-

Saanich 4-H Home Arts Club Elimination Held

The Saanich 4-H Home Arts Club held eliminations recently to determine who would represent the club in the P.N.E. demonstration eliminations and in the P.N.E. dress review.

For the demonstration eliminations, each member had to prepare and demonstrate some aspect of the Home Arts Club. These demonstrations were to be four to six minutes long.

Judges for the demonstration eliminations were Miss L. Michael, the 4-H home economist; Mrs. Browner, a former government home economist in Manitoba, and Mr. Gornall, manager of the Hudson's

Bay wholesale department. The judges chose Jane Elliot, Linnet Lannon and Nancy Miller.

For the dress review eliminations each member had to model a dress that she had made and had up to five minutes to describe it and tell how it was made.

Judges of the dress review were Mrs. Warren of the Hudson's Bay (public relations) and Mrs. Wade of Lyle's Ladies' Wear.

The winner, Mary Lord, modelled a cotton afternoon dress. The bodice was of a soft lavender and the full skirt, displaying a border print of pastel pink, blue and lavender.

Linnet Lannon was runner-up in an all purpose jumper of red wool flannel with a plunging V-neckline and a flattering straight skirt. The jumper was set off by a white broadcloth blouse highlighted by a Quaker collar and long sleeves.

The judges then offered constructive criticisms and many helpful tips which the members thoroughly appreciated.

To finish off the occasion, light refreshments were served.

SECOND CAR RALLY HERE

The last car rally of the Sluggett Memorial Car Club was such a success that the boys sponsored a second one on June 28.

This time the obstacles included the purchase of 25 cents' worth of gas after the station attendant had been previously requested to tie up each car for as long as possible.

In the final results, Ralph Alcock and Henry Bando were first, Cecil Dickenson and Russ Thompson were second, and David Shiner and Jane Elliott were third.

Before returning to their new home in Santa Barbara, Calif., Mr. and Mrs. David W. Briscoe (the former Miss Jerene Hafer) spent the past week-end at the home of her parents, Mr. and Mrs. A. Hafer, 6980 East Saanich Road. The couple has just completed a honeymoon at Banff and Lake Louise.

Mrs. Briscoe was a much-feted bride as prior to her marriage several showers were given in her honor.

She was guest of honor at a party at the home of her co-workers. On this occasion the staff and technicians of the X-ray department of Cottage Hospital, Santa Barbara (where the bride-to-be was working as X-ray technician), presented her with an electric blanket, a G.E. Mixmaster and a crystal vase.

Mrs. John Silins, South Turner St., Victoria, who was matron of honor for Mrs. Briscoe, held a linen shower for Mrs. Briscoe prior to her marriage. This was attended by former high school and X-ray technician classmates of Mrs. Briscoe.

Mrs. K. E. Stanlake, Keating, held a miscellaneous shower to honor Mrs. Briscoe. This was attended by friends and relatives of the bride, and many lovely and useful gifts were presented to her.

Mr. and Mrs. W. Johnston, Calpine Auto Court, Saanichton, became grandparents twice within the past week. Their two sons and daughters-in-law, Mr. and Mrs. Dave Johnston, and Mr. and Mrs. Gordon Johnston presented them with grandchildren.

Mr. and Mrs. A. K. Hemstreet are enjoying a vacation at Mr. Hemstreet's boyhood home in Owen Sound and Toronto, Ont. From there they will travel to Mrs. Hemstreet's former girlhood home in Indiana. En route east they visited Kamloops and Edmonton. They plan to stop in Calgary on their return trip, and also in Oyen, Alta. Here they were married and began life together over 40 years ago.

Mr. and Mrs. T. Pelter, Mount Newton Cross Road, have as their guests Mr. Pelter's brother and wife, Mr. and Mrs. A. Pelter, Smithers, B.C.

Mr. and Mrs. S. Trach, Smithers Road, Keating (the former Shirley Mitchell) are the proud parents of a baby girl.

Mr. and Mrs. J. M. Murphy, Altario, Alta., with their four children, Marilyn, Robert, Franklin and John, have been guests at the home of Mrs. Murphy's brother-in-law and sister, Mr. and Mrs. L. R. Farrell.

ed Canadian National Exhibition scholarship with a trip to the C.N.E. will also be awarded. Representing the South Island in competition for this award is Clara Taylor, Saanichton.

Winners of these awards will be announced Friday at a banquet at Provincial 4-H Club Week.

FAMILY NIGHT AT CHURCH

Family Fellowship Night held on July 11 by Sluggett Memorial Bap-

tist Church was very successful. An exciting softball game claimed the attention of young people and adults alike, while Bible stories on records entertained the smaller children.

Another highlight was a short devotional led by Pastor T. Wescott. E. Finlay donated one of his fields for the evening which was enjoyed immensely by every one of the 60 or more people attending.

NEW ERA OF SERVICE

A NEW and hopeful chapter has opened in the story of the Gulf Islands. For several years an organized representation of responsible residents of the islands has pleaded with the provincial government to assume control of the ferry services linking them with Swartz Bay. The company responsible for the service was fully sympathetic towards the recommendation.

Last week the provincial cabinet announced that it had heard the islanders' plea and that the three services maintained by the Gulf Islands Ferry Co. (1951) Ltd. would be taken over in September.

There has been jubilation in many quarters since that statement. Users of the ferry service are looking to a new era of transportation whereby the needs of potential travellers will be the first consideration in establishing schedules and routes.

The new announcement has further ramifications. The Toll Authority of British Columbia has advertised its services throughout the North American continent. Millions of brochures have been circulated in every area of Canada and the United States. These publicity features will in future include the service around the Gulf Islands. Attractions of the islands and details of how to reach them will be broadcast to an extent never previously visualized.

While the primary consideration of islanders has been to find means of moving around the map, this new service will vastly increase the size of that map.

Tourist services on the islands may well find a new routine of prosperity. Islanders throughout the group would do well to re-assess their facilities with a view to attracting visitors drawn here by the increase in advertising the attractions of the sea-girt communities.

In the meantime, while users of the service may well look to a new future of transportation, the contribution to the development of the islands which has been made by the Gulf Islands Ferry Co. cannot be overlooked.

It is by no means an exaggeration to suggest that the Gulf Islands would have been lagging many years behind the rest of the province had it not been for the islanders who stepped into the breach more than a decade ago and formed the company which has faithfully served the communities since. The new change is simply an advance in administration. A community project has become a provincial project and the thousands of travellers who have used the ferries in the past decade owe a deep debt of gratitude to the sponsors of the Gulf Islands Ferry Co. and particularly its president, Gavin C. Mouat.

Faithful crews which manned the vessels should not be overlooked either. From Marine Superintendent Capt. Geo. Maude down to the deckhands and coffee shop attendants, the whole attitude of the personnel has been one of service. In our pleasure at the brighter future prospects, we should not forget the contribution to island life and prosperity which has been made by those who now are involved in change.

Whatever our views may be on state operation of public utilities, there is general agreement that the management of B.C. Toll Authority has done a first-class job of running the ferries between Swartz Bay and Tsawwassen. We are confident that the same efficiency of operation will be extended to Gulf Islanders.

BEACH ACCESS

CENTRAL Saanich is planning to open a campaign for the elimination of government interference in subdivision plans.

The municipal council will take a resolution to the Union of B.C. Municipalities calling for a restriction on the powers of the Attorney-General in respect of changing such plans.

It was explained that two years ago a subdivision plan was approved by the municipality when it provided access to the beach. The Attorney-General stepped in and ruled that access to the beach was not necessary. A long dispute arose over the access road with the municipality finally gaining its point.

The municipality might do better to further clarify the recommendation. While a negative interference is neither desirable nor beneficial to the municipality, a positive action on the part of the provincial department could serve a useful purpose.

If the municipalities were exhorted to seek legislation to provide for provincial authority to require access roads, but not to eliminate them, they might still further improve their position.

A guarantee of adequate access in the future is the significant feature of the plan sounded by Central Saanich. Whether or not this is immediately sought in a subdivision plan, retention of a clause whereby the province might demand such a road would represent a second check on any subdivision. At the same time it would not be feasible that the province could override the municipality and eliminate such gestures.

AN IMPRESSIVE SERVICE

LAST week saw the close of the season for the young ball players of Saanich Peninsula, The Little League, which was established here in the spring, marked the end of its first season with a banquet in the Legion Hall in North Saanich. A hundred or so small boys sat down to the informal dinner with enthusiasm and a spontaneous gaiety. Sponsors of the league were left without any question as to whether the season had been successful. From the lowliest novice to the top youthful player, the boys were shrilly content with their lot.

The banquet was impressive. It brought to light the work that has been carried on by the Little League since its inception here. The adults associated with it, from the president, through the committees to the overworked coaches and trainers and the umpires were warmly rewarded during the banquet when the boys expressed their appreciation in an uproar.

It is an appreciation that is rarely expressed. The players, themselves, are appreciative at all times. Their parents and the community at large are usually inattentive.

Little League has come here to stay. The contribution made by these adults responsible for its arrival is beyond calculation. They are preparing the youngsters of the district for the future and thereby building the community. We owe them a debt that is unlikely ever to be repaid.

Letters To The Editor

FASCIST POLICY

"Bystander's" article in your last week's issue seems intended to discredit John D. Mike Pearson and whatever leaders and policies the New Party may decide upon "which can only drag us down to the level of Russia and China". The words quoted well, I feel, go a long way toward discrediting "Bystander" in the eyes of reasonable people: To condemn a policy before it is outlined in detail is in effect a fascist utterance because it is intended as a deterrent to free political thinking. (Incidentally there is no evidence to show that John D. was elected for the purposes which "Bystander" specifically mentions).

The alternative vote is a good idea gone wrong unless it permits candidates of EVERY political party to present their party's platform at a free election. I for one am all for the alternative vote provided it does this. But it does not necessarily follow that political stability will result. The shortest cut to political stability is to prohibit unlimited expenditures on political propaganda: To put a strict ceiling on the amount which may be spent by any candidate; and to put a positive stop to unlimited expenditures of supporting interests. This would at least give the voter a chance to think for himself and to weigh the issues at stake.

The hope for political stability is a pipe dream as long as every avenue of propaganda is allowed—through commercial advertising—to use this hidden persuader to part John Voter from his hard-earned money and by overstatement and untruthful claims to seek to persuade him that a "want" is a "need". Great Britain is not kidding herself on this score. The luxury tax on automobiles is already 50 per cent. And Selwyn Lloyd, British Chancellor of the Exchequer, has recently warned all voters—"regardless of political consequences"—that they may have to further tighten their purse strings until the country's finances will again permit luxury expenditures. Can "Bystander" name one single Canadian political candidate—he can take his own choice—who could advocate such a policy with any hope of being elected in these deliberately encouraged "affluent" choice days?

"Onlooker" would personally prefer to see a Liberal group elected to Ottawa and elsewhere—but with a small "i" indicating political integrity, adherence to principle and downright intellectual honesty. In the recent by-election David Gross seemed to measure up to this standard—particularly with respect to his stand taken on nuclear armaments. "ONLOOKER". (B. L. Martin).

AN APPEAL FROM CHILE

Until a year or so ago, we used to enjoy reading your interesting newspaper. You have always been helpful to the ones that put their confidence in you, and I wish to be helped indirectly by you.

I am (modestly aside) president of my children's high school P.T.A. this year.

Our province suffered greatly from the May, 1960, earthquakes. It has had no financial help, because it was not totally destroyed. You must have heard of the school strikes we have been having. First the students, then the teachers go on strike.

However, our portcular school did not strike because it is semi-private. This school needs an immense sum of money to carry on with its programs for building and equipping its classrooms. We are campaigning for funds, but unfortunately this school caters to an unfortunate section of the town where little or no money can be collected. On the contrary we need to help the people who live there.

As I am practically in charge of this campaign, I thought of engaging outside help. Remembering how generous people in Canada and the United States are, I am writing not only to you, but also to some of my acquaintances in the United States. I hope that through your columns I can appeal for dimes and nickels from the lovely people of the Saanich Peninsula.

Their less fortunate fellows near the South Pole shall be eternally grateful. They shall also be greatly surprised, as no one knows of my writing this letter.

I would like you, if any money is raised, even \$5 to send it to the principal of the school, Casillo 191, Chillan, Nuble, Chili, by foreign money order, in American dollars, as no others are exchangeable in Chili.

I may add that \$5 could easily buy as much as three window panes or almost three sacks of cement. Any donations would be ever so useful.

Swallows On Payroll Of Province?

While the Cy Peck has been plying between Vesuvius and Crofton a number of Salt Spring Islanders have been asking themselves what happens in the future.

A swallows' nest aboard the veteran ferry vessel has been occupied each summer for many years. The parent birds have been obliged to follow the boat to Crofton during its replacement of the George S. Pearson. They will settle down again on the Cy Peck is tied up again at Fulford.

What is their future? ask the Islanders. Will they become civil service birds or special staff members of the Toll Authority when the ferries are taken over by the government? For many travellers it is difficult to imagine the Cy Peck without its feathered guests.

Reflections From the Past

10 YEARS AGO

Tuesday, July 10, was the hottest day this year. While the populace looked to cold showers and swimming in an attempt to escape the heat, the mercury crept up to 84.2 degrees at Patricia Bay Airport.

Fame and showers of congratulations came to "Jock" Anderson, Sidney lumberman, unexpectedly on Sunday last. Scene of his triumph was the fourth hole of the Galiano Golf Club where he scored a hole-in-one. Mr. Anderson was playing with R. D. Clay of Ardmore against Dr. T. E. Roberts and Peter Roberts at the time. The fourth hole of the tricky course is 79 yards. He sank his tee shot and his pleasure was magnified when he learned from Capt. I. G. Denroche, club manager, that he was the first golfer to do so on this particular hole.

20 YEARS AGO

Fishing enthusiasts gazed in admiration at a huge salmon on display at the Local Meat Market the other day. The big fish was caught off Sidney by an Indian with a light spoon troll and it took a bit of headwork to keep the small boat from upsetting, for the salmon did not agree to being lifted from its natural surroundings. Weighing a shade over 35 pounds the big spring was approximately four feet long and 12 inches through at the centre. One thin slice registered one pound on the scales.

Pilot Officer A. L. Elliot of Ganeg received the D.F.C. for consistent efficiency at the recent investiture held at Buckingham Palace, May 20. He was accompanied by his wife, the former Miss Carol Clayton-Smith.

Sgt. Walter E. Cornish, 21-year-old son of R. J. Cornish of Fulford, was the one Canadian among more than 60 Australians who recently won wings as wireless operator-navigator at Mossbank, Saskatchewan.

30 YEARS AGO

The junior tennis club has now an enrollment of 32 boys and girls between the ages of 11 and 16. Play has now been going on for the past six weeks under the leadership of

Mrs. Geo. McLean and Miss Iris Goddard. July 24th will mark the beginning of a tennis tournament among club members which will no doubt add much pleasure to the already enthusiastic players.

Brownies from North Saanich and Sidney, numbering 25, had the time of their lives on Tuesday, when through the kindness of Mr. and Mrs. J. J. White, they spent the day at Killarney Lake. Practically the whole of the day was spent in the lovely lake water in swimming and diving and boating.

Dominion Day celebrations were held in Mrs. Zala's field, under the supervision of Mr. George George. Many races were enjoyed by young and old and the boys' obstacle races were the cause of much merriment. A feature of the afternoon was the softball game between Mayne Island and Galiano Island. Mayne got the best of the argument, winning 27-13.

A very delightful afternoon was spent at the home of Captain and Mrs. F. H. Walter on Tuesday last when their daughter, Mrs. Thullier, who for the past year has been acting as cabinmaster to the First Salt Spring Island Pack, entertained the parents of the cubs and several friends at the closing meeting of the season in the grounds.

40 YEARS AGO

Capt. Brethour and Messrs. C. C. Cochran and L. Wilson arrived on Mayne Island this morning in their launch on route to Steveston, where they intend leaving their boat while they make a business trip to Vancouver. Capt. Brethour is well known among the islands in view of the fact that he was a pursuer on the Iroquois. Mr. Wilson is also well known, having resided on Salt Spring Island for several years.

"Book of the Eskimos", by Peter Freuchen. World Publishing. 441 pp.

The Eskimos are a distinct people by virtue of the fact that they live in the Arctic lands. This is at first sight a somewhat inadequate statement. Yet Peter Freuchen's Book of the Eskimos sets out initially to explain this feature of the people and their home. While in other Arctic countries there are people who hunt and make their homes in the far north, it is only the Eskimos who live there permanently.

In other lands the denizens of the north are there only during the summer season and withdraw to the temperate climates for the winter.

The Eskimo has adapted his mode of life to meet the challenge of the north. He lives off the land, using animal products for almost every need. While he has established a mode of life which fits into the frozen surroundings, he has also developed a culture and a philosophy peculiarly his own. The Eskimos attribute three components to the man. He has a body, a soul and a name. Each is significant in his life and each is sacred to him. They believe that a newborn baby cries because he is seeking his name.

The book is a series of incidents experienced by the writer during many years among the Eskimos. The anecdotes are the book.

The Hudson Bay Eskimos, notes the writer, consider boiled meat too good for women and only the men take part in its consumption. The host explains that his house is primitive in comparison with others and that he cannot but be humbled by the gathering. His concluding reference to his wife would not be acceptable here on the coast.

"...and finally," announces the host, "I have only the miserable wife who sits here. She is unfit for any work and she is particularly impossible at cooking meat, so this meal is going to be a terrible scandal for my house."

The story is not only of the writer and his Eskimo wife, but of the history and philosophy of these people who live in conditions almost unimaginable. He believes that they emigrated from Asia some 6,000 years ago. Advancing into northern Canada, they clashed with the Indians, who were their superiors in both cruelty and warfare. Hundreds of years later, the word, "Indians" would throw an Eskimo community into confusion, although not one member of the community would even know what an Indian looked like.

The book brings an insight into the world of the Eskimo, so far removed from any other in the world.—F.G.R.

MORE ABOUT FERRY

(Continued from Page One)

Mouat, the company extended its operation to steadily increase its service to the remainder of the Gulf Islands. In the early years the Canadian Pacific steamships were still calling at a number of island ports, although offering a less direct service. When this schedule was abandoned by the larger company the call for increased communications with the outer islands was answered by the acquisition of a former Canadian Pacific vessel, the Motor Princess. For many years this veteran of the Gulf had plied between Sidney and Steveston. Taken off the run when she failed to comply with national specifications, she was completely rebuilt for her new role and fitted with new engines.

Introduced as the flagship of the small company, she took over the Swartz Bay-Fulford run, while the Cy Peck was placed on the outer islands circuit.

When the residents of those islands protested that many potential travellers were consistently left behind, the company negotiated with the provincial government and leased the Delta Princess, redundant following the opening of the Deas Island Tunnel.

The Delta Princess was placed on the Fulford run, while the Motor Princess served the outer islands. Warmly approved by those enjoying the augmented service, the change was bitterly opposed by Salt Spring Islanders who compare the new vessel unfavorably with the old, while criticizing its smaller capacity.

In the meantime the company had also opened up a new connection with Vancouver Island, linking Vesuvius Bay with Crofton.

Islands transportation had also blossomed out with the establishment of the link between the islands and Vancouver by Coast Ferries Ltd. Operating the Lady Rose until the Island Princess was constructed specifically for the service, the company has maintained a second service connecting with Steveston. This service will be unaffected by the new regime and will continue as in the past.

Coast Ferries Ltd., under the direction of O. H. New, also operates the Saanich Arm link between Brentwood and Mill Bay.

There's a man with the angles, for every girl with the curves.

"He only is my rock and my salvation."—Psalm 62:2. It is thrilling to watch trick riders galloping around a ring riding two horses at the same time. It takes trained horses as well as trained riders, but this feat is not recommended as a good way to travel a great distance to a determined destination.

We sometimes find people trying to get to heaven by regarding arriving at eternal life in heaven as a definite desire.

To live with God in heaven so they read His Word and then try, by believing and working, to enter this promised place. This is like riding two horses, your own way and God's way as outlined in His Word. It is not the way to reach the desired destination.

David says: "He only is my rock and my salvation." David realized that God's promise was enough and he himself could add nothing to what God can do. "For by grace are you saved through faith and that not of yourselves, it is the gift of God, not of works, lest any man should boast."—Eph. 2:8, 9. To add works is to doubt God and so belie belief. Salvation is by belief alone. See John 3:16.

SERVICE FAILURE

Failure of electrical service at the home of Rev. G. R. Richmond, East Saanich Road was responsible for a fire last Monday evening. The Sidney and North Saanich Fire Department attended, but no action was necessary.

Mr. and Mrs. Bob Martman. Swimming was enjoyed on Randle Mathew's property.

From the time of arrival early Sunday morning until departure time 9 p.m. Thursday, Mrs. Casper's quiet home became a hive of industry. The Guides learned many things about camp life—cooking, washing dishes, making gadgets, and other activities.

Thursday night all the parents gathered on the front lawn to enjoy a concert arranged by the girls. Pat Buxton was M.C. Songs, dancing, recitations and skits were rendered admirably. During the evening the Guides in uniform held an enrollment. Mrs. O. Gilbert, district commissioner, enrolled Joan Hannay and Marion Smith. Julie Cox was enrolled as patrol leader, being awarded her second class badge, dancer's badge and child nurse badge. Mrs. Thomas read the closing camp prayer—taps was sung and at break off refreshments were served.

The following camp awards were made: best all around camper, Joan Alexander; sportsmanship, Patricia Spooner; best work patrol, Joan Alexander's patrol; best camp patrol, Julie Cox's patrol; achievement—tenderfoot groups, Marion Smith; Guide most helpful to others as voted by other guides, Julie Cox; runner-up, Joan Alexander; nature study—special award—Julie Cox; nature book done during camp, Joan Alexander. Mrs. Casper was presented with a plaque and blazer badge on behalf of the company for her great kindness.

Other children in camp were Susan and Roslyn Cantwell, Sandra Callard and Robert Cantwell. Transportation was provided by Sidney

No Bus For Early Ferry

Vancouver Island Coach Lines Ltd. does not connect with the early morning ferries between Swartz Bay and Tsawwassen.

A resident of Sidney, travelling aboard the 5 a.m. service to the mainland expressed concern last week at not finding a bus aboard. The company has since explained that all ferries are served by buses with the exception of this early morning run when departure times from Victoria and Vancouver terminals have proved too early for the vast majority of travellers.

Furniture and Scoutmaster Mr. Jacks. Alan Hopkins returned equipment to Guide Hall. Mitchell and Anderson supplied required boards for seats, etc.

AT SALT SPRING

Two Island Families Linked
In Ceremony At St. George's

St. George's Anglican Church, Ganges, beautifully decorated for the occasion with pink and white carnations and ribbon-trimmed pews, was the scene of a pretty wedding on Saturday afternoon, July 15, when Winifred Nancy, daughter of Mrs. W. Howard, Cranberry Road, and the late George Howard, became the bride of Howard Charles Horel, son of Mr. and Mrs. H. A. Horel, Ganges. Archdeacon G. H. Holmes officiated.

The bride, given in marriage by her brother, Fred Howard, was lovely in a waltz length gown of pale pink chiffon, designed with softly folded cummerbund and white rose-patterned lace jacket. Her shoulder length veil of white nylon tulle was held in place by a pearl ornamented satin tiara. White bridal mitts and white shoes completed the ensemble. The bride's only jewellery was a pearl drop necklace, gift of the groom. She carried a bouquet of pink and white carnations.

Mrs. Herbert Howard, sister-in-law of the bride, as matron of honor, and Miss Joan Bidwell, bridesmaid, wore dresses of brocade taffeta designed on princess lines, in pale blue and orchid respectively, with feather bandeaus in blue and white, and white accessories. They carried bouquets of pastel-toned gladioli.

Alan Horel was best man for his brother. Mrs. E. J. Ashlee was organist. Ushers were Larry and Brian Horel.

At the reception, held in the Legion Hall, the bride's mother received the guests in a blue floral sheath dress, with full length coat in matching blue lining, white net and velvet hat, white accessories and a corsage of white carnations. The groom's mother chose a blue silk sheath with

matching short jacket, white bow-trimmed hat, white accessories. Her corsage was of white carnations.

The bride's table, tastefully decorated with pink and white roses and gleaming silver, was centred by a three-tiered wedding cake, topped by the traditional figures of bride and groom.

Charles Horel, uncle of the groom, proposed the toast to the charming bride. For travelling on the honeymoon, which will be spent motoring on Vancouver Island, the new Mrs. Horel chose a sleeveless dress of orchid taffeta, with bateau neckline and bouffant skirt, topped by a full length beige coat. She wore white hat, gloves and shoes and a corsage of white carnations.

Upon their return Mr. and Mrs. Horel will reside on Salt Spring Island. Out-of-town guests included: Mr. and Mrs. H. Wicklund, Cassidy, B.C.; Mr. and Mrs. W. Hobday, Victoria; Mr. and Mrs. H. Howard, Mayne Island and Mr. and Mrs. Roel Vanderbyl, Victoria.

Mayne Island
To Be Part Of
Magazine

The fall issue of Beautiful British Columbia which will be on the newsstands on August 1, will feature scenes from Mayne Island.

The new issue will include picture essays on Vancouver's Chinatown, the voyage of the Uchuck 11, Highway 16, Wasa Lake, a salute to the Royal Canadian Navy, and a special feature by James K. Nesbitt on Victoria's Craigdarroch Castle, as well as the feature on Mayne.

Beautiful British Columbia has proved a big attraction to both visitors and residents alike and is now the largest selling magazine to be produced in British Columbia.

New Campsite
On Salt Spring

Guides of Richmond Group No. 68. The girls, in charge of Mrs. K. Udy and other leaders, have been enjoying a "pioneer" camp at their new campsite on Churchill Road. They were kept busy on work for outdoors badges: swimming, nature, and a camp lore; the four miles hike required for one badge was gained by a trip on foot to Vesuvius Bay, where the girls enjoyed a wiener roast.

ADOPTION COMMITTEE REVIEWS WORK

After Assisting Refugees Still In Germany

An overnight camp was spent at Madrona Bay on Vic Jackson's property; also an outing at the new Moutat Park. Several local Guides and ex-Brownies were invited to join the group and received a taste of the fun ordinarily denied to them, there being no Guide group on Salt Spring Island. The Guides hope to make frequent week-end trips to their new campsite.

Adoption Committee for Displaced Persons, held at the home of Miss D. M. Anderson at Beaver Point, Salt Spring Island.

A number of people on the island have taken a keen interest in and helped with, this movement, headed by Miss Anderson, and all present were pleased to know that so many less fortunate people had been helped in the camps in West Germany.

Mrs. Schultz started this movement in 1954, aided by Dr. K. Langston, and Mrs. Ruth Duncan of West Vancouver.

From a handful of people, said Mrs. Schultz, the movement spread across Canada. Interest was sparked by a radio broadcast and interview with Eileen Laurie over CBC, in Vancouver. Eileen herself "adopted" two displaced persons, and through her interest, these people were able to find courage and ways to get out of the camp.

Others followed and the Canadian people were responsible for many refugees receiving encouragement

SMALL PRINT
INSPIRES AWE

At the regular meeting of the Anglican W.A. held in the parish hall, Ganges, on July 14, Mrs. A. Davis gave an account of a tour of the Anglican Theological College in Vancouver, where she saw a collection of ancient Bibles and devotional books, including one donated by Archdeacon G. H. Holmes. This book, "Pearson on the Creed", still an authority on the teaching of the Creed, is a second edition volume over 400 years old. Tiny printed notes in Greek and Hebrew appear in the margins, leaving one amazed at the skill of the men who carved the tiny wooden type.

Plans were completed for W.A. participation in the garden fête August 2. Mrs. V. Jackson, sewing convener, reported donations of articles from St. Mary's Guild and Mrs. Sutton, Fulford.

The sum of \$150 was voted toward the cost of the new room in the parish hall, which was later inspected by the members.

A welcome was extended to a visiting W.A. member, Mrs. McIntyre, Prince Rupert, who is a guest of her parents, Mr. and Mrs. Eric Faure, Fulford. Mrs. G. Laundry, who is leaving shortly for an extended holiday, was presented with a small token of good wishes from the members. Archdeacon Holmes closed the meeting with prayers and benediction.

A list of rentals, any of which may be cancelled on the recommendation of the principal, when the hall is to be used by the school.

Painting in Ganges school is under way and electrical work will be started shortly.

Assistance will be given toward the purchase of a projector for Saturna Island school, it was decided.

DISAGREEMENT

A motion by J. G. Reid that teachers' increments, as awarded by arbitration, be made retroactive to January 1, caused a sharp disagreement among board members, resulting in a deadlock. A negative vote cast by the chairman defeated the motion.

All board members were present, with the exception of L. G. Hawkins, Mayne Island. Next meeting will be held August 10.

Horel, I. Devine, B. Hill, J. Parsons, M. Flewing, D. Rogers, M. Clarke, O. Holloway, M. Stepanuk, E. Worthington; Misses O. Moutat, J. Stevens, N. Fennett, L. Akerman, M. Parsons, K. Morrison.

and a new life—many found new homes—some in Canada. Many of these people in the camps in West Germany, have lived a life of fear and terrible hardships—and in many cases, their friendship had to be won by kindness, slowly and with tact.

Gradually the cards and letters and little gifts from the adopters in Canada, gave the refugees confidence, and they found a great joy in receiving even the plainest card.

Organizations and churches worked with them and though there is still much to be done, the camps are being closed as the people find new homes.

One year less one day—sounds like a prison term. But actually it's quite the opposite in this case. It was just a year, all but a day, after the Gulf Islands Joint Council presented a brief for government ownership of the Gulf Islands Ferry Company, at the cabinet meeting at Ganges, that the government took the desired step. This announcement by our own M.L.A., the Hon. Earle C. Westwood, brought joy to the vast majority of islands' residents, and, although it may seem of little importance to the disinterested, we believe the takeover on September 1 will mark the end of an epoch, and the start of a new era for the Gulf Islands.

Scattered here and there throughout all the islands we hear of a few who shudder in fear of an impending invasion of "our privacy", by hordes of undesirables, raising clouds of dust on our rustic roads, building homes in our sanctified proximity, demanding daily mail service (a la the chamber), and generally destroying every reason they had for coming to the islands. Some even say they would have stayed in Vancouver if they wanted the conveniences of improved transportation, telephone service, mail service, paved roads et al. Well, there's nothing to stop them returning to the city, as property values will not decline on the islands. But they won't go. Because we all know very well that as long as any of us now over 40 continues to live out his allotted span on his own little acre in these islands, he will still have the privilege of vegetating if he so desires.

LEFT BANK IS BARE And It Is Still Not Parisian

By DORIS LEEDHAM HOBBS

I paid a fleeting visit to the first exhibition of "Painting On the Causeway" put on by the group known as the Victoria Society of Artists, and under the aegis of the "Guild of B.C. Artists". There, in the blazing sun at the corner of the Causeway and Belville were perhaps 12 or so paintings—oils, watercolors and crayons. Mrs. Peggy Walton Packard was there with her clever lightning charcoal and pastel portraits, and several members of the

Victoria Society of Artists were in attendance.

One's first reaction was that the number of paintings was very meagre—a mere beginning. Perhaps this was because studio paintings seemed small in that environment. I hope the venture will succeed, and I should like to see young people at work there.

FAR REMOVED

I cannot help feeling that the conditions here are far removed from Left Bank Paris, for there, there

APARTMENT LEGISLATION IS APPROVED

At a meeting of the Sidney council on Thursday, July 13, necessary amendment to the zoning by-law was approved at its final reading. This permits the construction of an apartment building on Third St.

Preliminary approval was given to this project at a public hearing earlier this month.

are hundreds of painters, students and trained artists from which to draw a group of executant painters. Here, youth is busy in other fields and, in most groups there is a preponderance of older people who paint for pleasure. The Causeway is not therefore suited for them.

Something will come out of this, I am sure. With the Art Gallery dedicated to promoting the small section of avant garde paintings there is no outlet for picture sales for the larger proportion of ordinary purchasers. . . . Perhaps this will stimulate local buyers or, at least put the names of local artists before the public.

Miss Lynn Auchinachie, age 13, of Duncan, with her cocker spaniel "Copper" was the winner at the dog trials held at Mahon Hall, Ganges, July 8.

Members assisted with sports day, aided the community club at Halloween and Christmas, provided transportation for a trip to the provincial museum in Victoria and staffed the association's refreshment stand at the fall fair.

At the sports day staged at Saanichton Experimental Farm, the cup awarded to the student gaining the most points was won by Vivian Underwood and James Johnson in a tie.

Other officers include honorary president, Bruce Gardner; vice-president, Mrs. P. Bushey; secretary, Mrs. David Prosser; treasurer, Mrs. G. Doney; membership, Mrs. G. Larsen; publicity, Mrs. L. MASSIVE YACHT VISITS SIDNEY

The 250-foot yacht "Danginn" which attracted so much attention while it was in Victoria waters, stopped off Sidney at 2.30 on Thursday, July 13. The purpose of the visit was to pick up the owner, Daniel Ludwig, who arrived at the Patricia Bay Airport.

A boat took Mr. Ludwig and his luggage out to the yacht, but it did not come close enough to the Sidney wharf to give the spectators a good look. Nevertheless many Sidney residents turned out to catch even a brief glimpse of the sleek vessel.

Isn't it peculiar that middle age always starts a few years earlier for the other fellow?

She Learns Quickly

Baby "Kae" is only 2½-years-old, but she's quickly learning the complicated routines of the Besalou Elephants. Kae, who joined the troupe only last fall, will be making her Vancouver debut this year with the Shrine circus during the Aug. 19-Sept. 4 Pacific National Exhibition.

Mrs. Pearkes To Open Flower Show

Mrs. G. R. Pearkes will open the annual chrysanthemum show on September 30, it was reported at the regular meeting of the Salt Spring Island Chrysanthemum Society held July 5 at the home of the president, Austin Wilson and Mrs. Wilson, Ganges Hill.

Plans for the forthcoming show were thoroughly discussed, resulting in a very interesting schedule for the event, to be staged under the direction of Waldo Rogers.

Next meeting, August 2, will feature a speaker on the popular subject of fuchsias.

Refreshments were served by the hostess and Mrs. S. Claibourne.

SORRY ABOUT YOUR CAT!

A Cat May Look At A King But Not Closely At Salmon

Entertaining, which is one of the most widely practiced forms of recreation in this district, brings its accompanying problems. When everything is set for the occasion a cat may look at a king, but not if it is a King Salmon.

There is a story circulating of a couple who were all set for the arrival of their guests. The dinner table was prepared with great care and pride of place was held by a large salmon, prepared with loving care. The host, making a final check before his guests descended on him, let out a roar of dismay at the sight of the family cat happily gnawing at the salmon in the middle of the elegant table.

FRANTIC REPAIRS

The cat was harshly removed and the salmon sat on its dish with great gobs missing from its back. Consternation reigned as the piece de resistance of the dining table was thus abused. The host frantically repaired the ravages of the cat by means of a knife, mayonnaise and other embellishments.

The evening progressed without event and the dinner was thoroughly enjoyed. The guests finally took their departure and the host commenced to lock up for the night.

The prospect of a good night's sleep was abruptly dashed when mine host came to lock his front door. Lying against the garage was a cat. It was his own cat and it was extremely dead.

FINALLY RETIRES

Without a further thought to possible embarrassment to himself, the host of the evening promptly rang all his guests, explained the circumstances and urged that they undergo immediate hospital treatment at the end of a stomach pump. Finally, after undergoing a similar treatment himself, in company with his wife, he retired.

Next morning he learned the joyous news. While he somewhat disconsolately pattered about his garden, he was hailed by his neighbor.

"Sorry about your cat," was his neighbor's opening gambit, "but I ran over it last night and left it on your lawn."

What's Cooking?

Don't Go Short Of Shortbread

Anyone with a sweet tooth knows that Scotland is as famous for its shortbread as it is for tweeds, whisky and cashmere.

Canadians are probably more familiar with the traditional and basic shortbread recipe that simply calls for lots of butter, sugar and flour, but there are actually many different varieties of shortbread.

Fine, thin cakes, made with or without caraway seeds, are known as petticoat tails—probably a corruption of the French "petits gâteaux", meaning small cakes. Ayrshire shortbread has an egg yolk and cream added; and queen's tea cakes are made with egg, grated lemon rind and rosewater.

In this recipe for rolled oat shortbread, rolled oats are added to the typical shortbread dough giving the cookies a very special flavor, texture and color. An important point to remember when making shortbread is that success or failure depends on the kneading, which should be done with a light hand.

If a shower or tea is coming up, the shortbreads can be decorated with bits of candied cherries, peel or nutmeats.

or nutmeats. Although these delectable cookies are likely to vanish the same day they've been baked, they do keep well if given a chance.

ROLLED OAT SHORTBREAD

Yield—4 dozen shortbreads

1 1/2 cups once-sifted all-purpose flour
or
2 1/2 cups once-sifted pastry flour
1 teaspoon baking powder
1 cup soft butter or margarine
1/2 cup lightly-packed brown sugar
1/4 cup granulated sugar
1/2 teaspoon vanilla
1 1/2 cups rolled oats

Preheat oven to 300 deg. F. (slow). Sift together the all-purpose or pastry flour and baking powder. Cream butter or margarine well. Gradually blend in brown sugar and granulated sugar, vanilla and rolled oats. Work in sifted dry ingredients. Turn out onto floured board or canvas; knead dough lightly and pat or roll out to a rectangle 9x12 inches. Cut dough into 1 1/2-inch squares. Place on cookie sheet. Decorate, if desired, with bits of candied cherries, peel or nutmeats. Bake in preheated oven until set and golden—20 to 25 minutes.

A Minor Brawl For Pie

Rhubarb is a curious and somewhat contradictory plant that is often regarded as a fruit, but is in reality a vegetable. In many countries it is used solely as an ornament, or for medicinal purposes.

Since rhubarb is known for its acidity, the name has become part of baseball slang, used to describe "a minor brawl with acid overtones".

Children eating stalks of rhubarb, fresh from the garden, are a sure sign of the season. However, most people prefer a sweeter version of syrup, or used in a pie or pudding.

Rhubarb is the inspiration for this recipe of the bread pudding family. The preparation of this dish is simplicity itself; and the refreshing sweet tart flavor should make it a favorite dessert in your family.

IN AND Around Town

(Continued From Page Two)

During the past week, Mr. and Mrs. J. C. Erickson of Elbor terrace had a surprise visit from Mrs. C. Klarner and her daughter, Diane, of Edmonton. Also visiting was Diane's grandmother, Mrs. Miller, also of Edmonton. Mrs. Klarner lived here 10 years ago and was impressed with the great changes that have taken place in Sidney. Other guests were a niece, Miss Judy Erickson, and her grandmother, Mrs. E. Reddish of Penning, Alta.

Mr. and Mrs. H. Raffle (nee Ruth McClure), a former resident of Sidney, spent a few days last week at Sidney Hotel. While in the district they visited relatives.

Mr. and Mrs. B. Storey, Fourth St., have returned home from a holiday spent with their daughter and son-in-law, Mr. and Mrs. T. Mitchell, and also their granddaughters, Rhonda and Shelly, at Lacombe, Alta.

Mrs. F. Price and her son, David Price, Third St., spent the week-end in Vancouver. While there they attended the Military Tattoo.

T. Davis returned to his home on Beaufort Road after visiting relatives in Calgary and Edmonton. He was also on hand to attend the Calgary Stampede.

Visitors during the week-end at the home of Mr. and Mrs. B. L. Martin, Third St., were Mr. and Mrs. R. Buckley of Kelowna, B.C.

Prior to sailing for world cruise on the P. & O. Orient liner, S.S. Camberra, Mr. and Mrs. H. G. Aldrich, of Montreal, were house guests at the home of Mr. and Mrs. T. B. Toye, Denecross Terrace.

When the pudding has baked, it is topped with brown sugar and broiled until the sugar is bubbly in order to crisp the surface.

BAKED RHUBARB PUDDING

Yield—5 or 6 servings

2 cups prepared rhubarb
2 cups white bread cubes (use bread 2 or 3 days old)
1/4 cup granulated sugar
1/4 teaspoon ground cinnamon
2 eggs
1 1/2 cups milk
1 tablespoon butter or margarine
1/4 cup brown sugar
Preheat oven to 350 deg. F. (moderate). Grease a 6-cup casserole.

Sidney Firm Looks Back To Cochrane

The Review is not the only newspaper which runs a column clipped from its earlier files. In a recent issue of the Calgary Herald, the following story was reprinted from its issue of June 3, 1901:

"G. E. Goddard, of the Bow River horse ranch, arrived in town yesterday morning with a three-year-old French coach stallion, which he purchased from Dunbram's establishment at Wayne, New Chicago. The horse is a rich chestnut, stands 18 hands, two inches, and has an excellent pedigree which shows some of the ancient blood of his clan. He should prove a great addition to the horse industry of this country."

Mr. Goddard, of course, moved to Sidney from Cochrane and founded a thriving industry here which is carried on by his son, Everett, under the firm name of Goddard & Co. Everett arrived at the Cochrane ranch in 1901 some time after the chestnut horse.

in rural areas, and which have become a hazard, not only to animals, but to unwary persons as well.

Periodically a dog, or a deer, is trapped in one of these old excavations, and either drowns, or starves to death. Recently, on Pender Island, a dog, loping through the woods, fell into an uncovered water well. His master, in seeking the dog, heard him whining, and arrived in time, as the luckless animal was still swimming around in nine feet of water. In efforts to rescue the dog, the bank crumbled, plunging the man into the well, and it was only by sheer good fortune that escape, dog and all, was made by means of a piece of plank and part of an old ladder stuck in the well.

This well is now covered, but it is only one. Tragedy might well be averted, if property owners would make sure that no uncovered holes exist anywhere on their premises.

Legionnaires Piped Ashore By Esquimalt Bandsmen

Saturday last heard the skirl of the pipes on Pender Island, when 10 members of the Esquimalt Legion Band piped off the 20-odd Legion members and wives, who visited the island along with Zone Commander H. L. Priske, for the monthly district zone meeting.

Met at the wharf when the Motor Princess docked in the forenoon, by local Legion members, the visitors were driven about the island to points of interest.

Later, luncheon was enjoyed at The Glade, following which the smartly uniformed band piped along the highway to Hope Bay, and was later driven to Browning Harbor, where some of the lads, ranging in age from seven to 16, had a swim.

Musical Triumph

Sally Coleman, 12-year-old daughter of Bishop and Mrs. M. E. Coleman, of Pender Island, is receiving congratulations on passing her sixth grade Conservatory of Toronto piano examinations, with honors.
